

Ipsun Platinum Protection Plan

- The Ipsun Platinum Plan covers 30 years of system monitoring and remote troubleshooting with discounted service calls. Specifically, IPP members receive:
 - 30 years of remote monitoring: Your system operates at peak performance without needing any monitoring by the homeowner.
 - Technical support + system education
 - Remote troubleshooting
 - Service Call: 20% off service calls / 100% covered if workmanship claim
 - 20% off system removal and reinstall in case of roof replacement
 - Assisting with manufacturer warranty claims
- Expand your protection beyond Ipsun's standard 12-year workmanship warranty
- Enjoy priority support as a member of our community of solar homeowners.
- Help is always a call or text away with your IPP solar concierge
- Get peace of mind knowing that Ipsun's first-class maintenance team is remotely monitoring your system and will immediately take care of any issues.
- Ipsun Solar is the first installer in the country to offer remote monitoring through our own app and a Platinum Protection plan with comprehensive support.
